

# **ART** **Planet Amour**

The artwork consists of a solid red background. At the top, there is a dark, almost black, textured shape that resembles a planet or a celestial body. Below this, there is a large, irregular shape in shades of blue and green, which appears to be a stylized planet or a nebula. This shape is filled with intricate, white, scribbled lines that create a sense of movement and complexity. The overall composition is abstract and evocative.
